Auto Camps Loaded With Cars Showing Steady Season Gain

Motor Tourists Flooding to City Find Difficulty in Getting Accommodation With Operators Reporting 50 Per Cent Increase Over Last Year

Season Expected To Set New Record

Business at the auto camps in Victoria and district is running up to 50 per cent higher than last year, it was indicated today following a check-up of the camps.

Motorists who are flocking here from every point of the compass are crowding hotels and are making the present season a banner one for the camps catering more to the transient class.

The season this year started in June, with a larger percentage of motorists coming in than usual.

Since the advent of July the camps have been filled to capacity, with many people being turned away daily. Cars are coming in by steamer and ferry in a never-ending procession, and the influx means greater business for the mechanics of Victoria.

Impressed by the flow of auto traffic, George I. Warren, publicity commissioner, last week made a personal investigation of the auto camps in attempting to find accommodation for visitors, and the "full-up" sign greeted them everywhere.

Camp operators, when approached by a reporter of The Victoria Daily Times this morning, were unanimous in the statement that the season was one of the best they have experienced.

They look to a new record for the year.

MORE TRAILERS HERE

Samuel M. Armstrong, manager of the Victoria Auto Camp, Gorge Road, said: "We have had a very active year so far. There is a steady movement of automobiles to Vancouver Island. If it keeps up, and there is every indication of it doing so, this season should constitute a record."

The camp has thirty bungalows and can accommodate 200 people. Compared with last year at this time the camp has been handling a much larger number of cars. The automobiles have been arriving steadily since June 20, and during the present month the rush was so great that the accommodation was taxed to the limit, he said.

One of the features of this season, Mr. Armstrong pointed out, was the number of house-trailers arriving in the city. Some of them are most elaborate affairs, being equipped with every conceivable facility for sleeping and cooking, and costing anything up to \$1,500 apiece.

Five of these trailers are at the Victoria Auto Camp this week.

"Our camp was full up by 4 o'clock every afternoon last week," said Percy MacMillan of MacMillan's Shell Bungalow Court on Gorge Road.

LONDON SCENE OF GOLD ROBBERY

Canadian Press From Havas London, July 15.—A box containing £2,000 (about \$10,000) in gold bullion was stolen in a daring raid in the heart of London today.

The bandits, using an automobile, descended on a truck transporting the gold when it was obliged to halt momentarily in a street to permit a worker pushing a wheelbarrow to pass.

Cholera Panic Today in Cairo

Test Tubes Containing Germs Broken in Laboratory by Drunken Sailor

Canadian Press from Havas Cairo, July 15.—Fear of a cholera epidemic gripped this capital today as the result of the act of a drunken sailor who broke into a laboratory and smashed a row of test tubes containing germs of the dreaded "plague of the east."

The incident occurred yesterday when the sailor, who had been revelling on the waterfront, forced his way into the hydro-biological institute there.

As news of the event spread swiftly through the city, the native population became panic-stricken and flocked to medical centres for vaccination.

COLONIES PLAN FOR GERMANY

Canadian Press from Havas London, July 15.—The London Morning Post predicted today that Great Britain might propose the holding of a conference of colonial powers to consider the possibility of ceding some possessions to countries like Germany and Poland.

FIVE CHILDREN KILLED

Belgrade, July 15 (Canadian Press from Havas).—Five children were killed today near Mikitchich, Montenegro, when an old hand grenade exploded.

MORE RAIDS IN ETHIOPIA

Over-confidence Is Draw-back to Italians as Natives Resist, Say Reports

Canadian Press from Havas London, July 15.—Over-confidence on the part of the Italian troops has made "pacification" of Ethiopia "much more difficult than they expected," the Manchester Guardian declared today.

"Preparations for the coming months seem to have been carried out very inadequately since the departure of Marshal Badoglio," the newspaper said.

"Most of the roads are now impassable by motor and the Italians have to rely chiefly on the Addis Ababa-Djibouti Railway."

GUERRILLA WARFARE

"That railway is constantly menaced by bands of armed Abyssinians who have on several occasions succeeded in tearing up the rails. Whenever the Italians make an attack they always retire, as a rule successfully."

"They are not offering any organized resistance, but the strength of these bands is often considerable and there even appears to be some co-ordination between them."

Canadian Ministers Talk With the King

Canadian Press London, July 15.—Hon. Charles Dunning, Canadian Minister of Finance, and Hon. W. D. Fisher, Canadian Minister of Trade and Commerce, were received today by the King at Buckingham Palace.

The two cabinet ministers spent a short time with His Majesty.

Toronto Suburb Has \$250,000 Fire Loss

These pictures from Mimico, received today, give glimpses of the fire which a few days ago destroyed thirteen houses, ten stores and a couple of other buildings. A greenhouse was being swept by flames when the upper picture was taken. Men fighting a fire in one of the houses are shown in the lower picture.

Associated Press Rome, July 15.—Flag-draped Italy emerged today from 240 days of war sanctions with praise for Premier Mussolini's "secure guidance."

The Fascist Party directorate celebrated suspension of the penalties for aggression against Ethiopia by sending Il Duce a congratulatory message which said:

Elk Falls Area To Be Improved

Young Men's Forestry Crews to Build Trails and Clean Up Famous Tourist Ground; Other Projects on Island

Improvement of the park area at Elk Falls on Campbell River for tourist purposes is one of the projects on which the provincial government's young men's forestry training plan will work this year, it was announced at the Legislative Buildings today.

The main camps of the scheme at Cowichan Lake, Alsea Lake and Green Timbers are now filled, and young men have been put to work on twenty different trail and forest projects in the province. Crews of ten or a dozen are engaged on these schemes, and the camps take about thirty-five each.

POLAND WATCHES DANZIG CHANGES

Canadian Press From Havas Danzig, July 15.—Poland was ready today, according to informed sources, to encounter any attempt on the part of German Nazis to dominate the Free City with demands of her own for control of key administrative functions.

POLLY MORAN'S LIFE MENACED

Beverly Hills Police Arrest Actress's Husband as He Snaps Revolver

Associated Press Beverly Hills, Calif., July 15.—Polly Moran's screams of "Don't kill me" summoned officers to the residence of the film comedienne here today and they snapped handcuffs on her husband, Martin Malone, while he was clicking a pistol.

A jammed cartridge in the pistol saved her life, Sheriff's Deputies Walter Schottmiller and Robert Jorgeson, said.

The officers said that in the struggle to subdue the attorney husband of the movie star he nearly knocked one of them out.

Malone was booked on suspicion of assault with a deadly weapon. The officers said Malone was intoxicated.

Schottmiller and Jorgeson said Miss Moran told them Malone pointed a pistol at her and pulled the trigger repeatedly, but a cartridge jammed the weapon and it did not fire.

Two Guilty of Kidnap Charges

E. C. Bartholmey Joins A. Karpis in Making Admissions at St. Paul, Minn.

Associated Press St. Paul, Minn., July 15.—Edmund C. Bartholmey, former Bensenville, Ill., postmaster, pleaded guilty in federal court here today to conspiracy charges in connection with the \$100,000 ransom kidnapping of William Hamm Jr., St. Paul brewer.

Alvin Karpis, one time Public Enemy No. 1 took similar action yesterday at the opening of the trial. The pleas left a single defendant on trial, John (Jack) Peifer, St. Paul night club owner, indicted as "finger-man."

TAX DISCLOSES INCOMES GROW

Canadian Press Ottawa, July 15.—New records in income tax collections are being made by the federal government. Collections for the first three months of the government's fiscal year, April-June, totaled \$66,134,762, an increase of \$11,576,152 over the 1935 figure.

The same upward trend was shown in collections of customs duties, excise taxes and duties. In the three-month period, customs duties, less drawbacks, stood at \$20,053,396, an increase of \$1,473,946. Net excise taxes totaled \$26,406,619, an increase of \$4,244,978. Excise duties, less refunds and drawbacks, totaled \$11,215,376, an increase of \$210,041. Sundry collections decreased \$5,700 to \$180,926.

R.C. MAN ROBBED IN SEATTLE

Seattle, July 15 (Associated Press).—Fred Peterson, Prince George, B.C., miner, found \$75 worth of gold nuggets and a diamond ring after visiting "friends" in a downtown hotel, he reported to police today.

Hundreds of Men Toil Against Spread of Fires in Tinder-dry Forests North of Lake Superior and Elsewhere in Ontario; Cooler Breezes Welcomed by Populous Districts About the Great Lakes

Canadian Press Toronto, July 15.—Ontario today revelled in cooling breezes and lower temperatures after the most terrible seven days in the province's recorded history.

No rainfall had been reported up to early afternoon, but although badly needed if crops are to be saved in many counties, its absence was scarcely noted by city dwellers in their relief at the passing of the heat wave.

NO CONTROL OF EXPORTS

Marketing Move Awaits Ruling by Privy Council on Dominion Act

Hon. K. C. MacDonald, Minister of Agriculture, indicated today that no attempt will be made to control the marketing of exported British Columbia products under provincial law until after the Imperial Privy Council has ruled on the Natural Products Marketing Act.

An arrangement under which exports could be controlled through central selling agencies and by licensing of growers had been suggested as a method of dealing with this situation, after the Marketing Act was ruled out by the Supreme Court.

HEAT WAVE RETIRES LIONS FROM CIRCUS

Associated Press Kansas City, July 15.—Clyde Beatty, famous animal trainer, is trying to "make this a quick act and get out of there alive" in these days of 100-plus temperatures.

"Lions and tigers' tempers flare in the extreme heat the same as a man's," Beatty explained here today in a circus dressing wagon where a thermometer registered 116 degrees.

One of Beatty's favorite lions, fourteen-year-old Tommy, sprang at him so often that he has been retired to the menagerie until cooler weather. So have two other lions.

Canada's Trade Swinging Up

April-June Exports at \$220,424,781 Are \$49,107,839 Above Similar Period Last Year

Canadian Press Ottawa, July 15.—Canada's import and export trade is on the up-grade, it was shown today in figures released by the National Revenue Department. For the first three months of the government's fiscal year, April-June, exports were \$220,424,781, compared with \$181,316,942 a year ago. Imports totaled \$139,133,021, compared with \$139,133,021 a year ago.

Merrymakers In Collision of Ships

At Baltimore 250 Are Landed Safely After Crash Between Ss. State of Virginia and Freighter Golden Harvest

Associated Press Baltimore, July 15.—Governor Harry W. Nice of Maryland and 250 passengers of a passenger vessel which collided violently with a freighter off Seven Foot Knoll, landed safely here early today, bringing accounts of a harrowing night on Chesapeake Bay.

Scores were jolted, some bruised slightly, in the terrific impact of the vessels, the bay passenger steamship State of Virginia, and the freighter Golden Harvest, in the darkness between 10:30 and 10:45 last night. None was believed to be seriously injured.

"We were being forced to turn away from twenty to thirty people daily. The season on the whole will undoubtedly prove to be one of the best," he said.

The majority of the travelers, however, do not stay long, the operator explained.

"They scoot over the roads of the island and then go away. If we had more and better highways the visitors would stay longer. It is only the Canadians who stay any length of time," Mr. MacMillan said.

The MacMillan camp consists of seventeen cabins and between sixty and seventy-five people can be accommodated.

JUNE WAS BETTER

The Home Bungalow Camp at 595 George Road, offering tourist accommodation for about forty people in eleven cabins, is operated by Tison Bros. The story of visitors being turned away was substantiated by Ernest Tison when seen today.

"Our business in June was 50 per cent over that of June last year," he said in turning over the pages of his files.

"July and August are always big months, but it looks as if it is going to be better this season, from the way things are going now."

"What we want to concentrate upon is the idea of attracting more tourists here during the months of June and September."

Owing to the shortness of the season, he said, it would not pay the operators to increase the cabin accommodation.

The Hillside Bungalow Court Camp on Hillside Avenue, reports the same overflow, according to Fred Slocombe. The camp, which has accommodation for about sixty people, has been full up since July opened and reservations have had to be refused.

Douglas Young, one of the defence men of the Detroit Red Wings, is staying at the Hillside camp with his wife and two children, Manager Slocombe stated today.

SEASON AT PEAK

George S. McMoran, manager of the McMoran Auto Camp at Cordova Bay, confirmed the other sources of information concerning the unusual rush of auto visitors.

"Business at the Cordova Bay camp, he said, showed a definite improvement over last year. 'We were not particularly busy last season, but now we are at the peak. We are figuring on a very busy year,' said Mr. McMoran."

Those at the Maynard camp at present are Californians.

Fires Sweep Forest Areas in Ontario

(Continued from Page 1)

WIND SPREADS

Gusty winds intensified the fire danger throughout the Sudbury fire district as 700 men fought thirty-two outbreaks. Men were rushed by plane to threatened points as three new fires raged in Beaumont, Dale and Coppell townships.

Beaumont is on the Canadian National Railway line from Capreol, and Dale and Coppell in the vicinity of Foley.

Fourteen fires, the majority small in extent, raged in the North Bay district. Forestry men said the situation was not alarming, and rangers appeared to be gaining in their fight.

Reports said that in Ontario the heat wave was leaving in its wake a death toll of nearly 550.

UNDER CONTROL

Geraldton, Ont., July 15.—Reports today from twenty-five to forty families at one time fled to the Little Long Lac gold mine property for safety.

The blaze had to burn through a heavy thicket before it would endanger the nearest buildings, but furniture was piled high as residents prepared to evacuate if necessary.

Extra gangs of fire fighters were reported on their way to Geraldton from the west.

PRAIRIE WEATHER

Winnipeg, July 15.—Clear and hot weather ruled over the prairies today. Manitoba was fair and warm, with temperatures early in the day moving up around the eighty mark. Most of Saskatchewan and Alberta was fair and warm, with some partly cloudy. Early temperatures were in the seventies and moving higher.

Manitoba's twenty-fourth death in four days from effects of heat was reported last night, bringing the deaths from heat and drowning fatalities for the period to thirty-three. Four persons were in Winnipeg hospitals today suffering from heat.

Overnight precipitation reports to the Winnipeg Grain Exchange showed rainfall at only Lethbridge, in southern Alberta, and Kamloops, B.C.

Continuous deterioration of crops in the southern sections of Manitoba, Saskatchewan and Alberta was reported.

The Nationalists, on their side, charged the Leftists provoked the disorders in Paris by breaking into the Rightists' "calm, dignified procession to the tomb of the Unknown Soldier."

GUARDS IN ACTION

The fighting broke out in the Champs Elysees near the end of the celebration of the fall of the Bastille 147 years ago and the Leftist election victory of last May.

As sporadic clashes occurred up and down the avenue, mobile guards and police swung into action, driving the demonstrators before them and finally restoring order.

Similar incidents were reported in other cities during patriotic observances. A passer-by was wounded in the arm at Casals, near Marseilles, when a revolver was fired during a Rightist-Leftist fight.

SPY ROUND-UP IN U.S. EXPECTED

There was no definite information today as to whether the State Department would seek action against the unnamed Japanese naval officer to whom Farnsworth is alleged to have delivered a confidential naval publication entitled "The Service of Information and Security."

At the State Department, it was said that steps to bring the Farnsworth case to the official attention of the Japanese embassy were improbable.

TALK WITH JAPANESE

The Washington Post, however, told of informal conferences between Japanese and United States officials. The Japanese embassy said the Farnsworth matter was not discussed.

While Japanese spokesmen both here and in Tokyo denied all knowledge of Farnsworth, the latter set out the details of his alleged activities in the United States.

With Farnsworth, ill and trembling, lodged in jail under \$10,000 bail on charges of espionage, the Japanese data in an agent of the navy of Japan, navy officers here said the United States was "spying."

MAN TORTURED IN MANCHUKUO

Canadian Press London, July 15.—Usually reliable sources said today that Great Britain may lodge a formal protest with Japan concerning alleged torture of a British Indian subject named Hussein in Manchukuo. Hussein was arrested by police in Manchukuo on a charge of fraud.

It is alleged that large quantities of water were forced down his throat, inflicting intense pain and causing the risk of permanent injury. Hussein and his wife also were said to have been brutally beaten.

British authorities intervened when Hussein was arrested, claiming extrajurisdictional rights. Subsequently the Indian was released. Japanese authorities dropping the charge against him.

Pattullo Flies To Charlottes

Prince Rupert, July 15.—Premier T. D. Pattullo took off from here at 9:30 a.m. today for the Queen Charlotte Islands. He plans to return here tomorrow and to leave again on Friday, visiting Terrace on his return flight to Victoria.

Premier Pattullo has been making an aerial tour of northern British Columbia and Yukon territories. He originally planned to visit the Queen Charlotte Islands on his way north, but was forced to change his itinerary when he ran into fog.

He is accompanied by his secretary, Ben Hethy, and Pilot E. W. C. Dobbin.

BLUM CLAIMS NEW SUPPORT

Popular Front Says Strength Grows After Bastille Day Events in France

Paris, July 15.—Leftist leaders hailed Bastille Day celebrations as a "new overwhelming vote of approval" for the Popular Front Government today.

The size of the throngs which congregated yesterday in the Place de la Bastille and the enthusiasm for the government's programme brought fresh hope to Premier Blum and his cabinet.

Officials discounted clashes between their followers and Nationalist opponents as "unimportant," declaring the disturbances were "fascist attempts to provoke trouble."

The Nationalists, on their side, charged the Leftists provoked the disorders in Paris by breaking into the Rightists' "calm, dignified procession to the tomb of the Unknown Soldier."

Area of Showers Extending to Missouri, Ohio, Oklahoma and Other States

Chicago, July 15.—Rain and cool air hovered today near the last strongholds of a record-breaking twelve-day heat wave which took more than 3,290 lives in the United States.

An early morning downpour at Springfield, in central Illinois, and breezes which dropped the mercury into the high 70s in the Chicago area signalled a break in the wave in the last of the four hardest-hit states to be relieved.

Already scattered storms yesterday had driven down the temperature in Michigan, where more than 540 had died.

Relief in the form of showers resulting from movement of cold air masses out of the northwest and the Pacific Coast was forecast today in Missouri, Kentucky, Ohio, Oklahoma, Indiana, Arkansas, Nebraska and West Virginia. The prediction was "cooler" in Iowa, where concern was felt for the corn crop.

Showers were expected to complete the route of the death-dealing heat in Wisconsin. More rain was in prospect in Michigan and Minnesota.

In Minnesota, farmers said the rains had freshened grain crops and revived hopes for corn in many sections, but not generally throughout the state. Rain was badly needed to save corn in Nebraska and Iowa.

WORKERS OVERTAKEN

For a time yesterday, before rain drove down the mercury, haggard police and medical authorities of Minneapolis were forced to handle heat death cases at the rate of three every minute, comparable to conditions in the influenza epidemic of Great War days. The same comparison was made by morgue attendants in Chicago, where the dead numbered upwards of 349.

The heat-conquering rainstorms were not without terrors of their own. Rain accompanied by high winds damaged property at Norwood, Minn. In New York a violent storm damaged property and brought electricity to two persons from a broken power line.

HIGHER PRICES

Chicago, July 15.—The 1936 drought may burn consumers' purses, for months, a comprehensive survey of farm commodities markets indicated today, though it concentrated its destruction of United States food supplies into a period of a few weeks.

The crop shortage, speeding the sharp rise of wholesale food prices, a major factor in the cost of living, already has been mirrored at retail counters and now is dipping into housewives' budgets.

The telling blow of the drought found almost immediate reflection in the sensitive prices of dairy products—milk, butter, cheese and the like. Though lower meat prices gave consumers a "breathing spell," market analysts forecast the effect of crop destruction would appear in meat values in the future, when emergency drought marketing of livestock was ended.

ESCAPED CONVICT DIES IN FIRE

Sudbury, July 15.—The body of a man, identified as Marshall Johnson, escaped convict from the Burwash industrial farm, was recovered yesterday from the waters of Rock Lake, near Paget, a few miles south of the jail farm.

Sergeant Albert Knight of the Sudbury detachment, Ontario Provincial Police, said he was informed from Burwash that the man's body was seared by burns. It was believed, said Sgt. Knight that the man, who escaped last Saturday had started a bush fire to cover up his escape, but had been caught in his own trap by the roaring flames and had drowned while seeking refuge in the water.

AUSTRIA WEEDS OUT ARMY STAFF

Canadian Press from Havas Paris, July 15.—Three-fourths of the Austrian army's general staff—nearly 100—were already being forced to quit the service as a result of secret clauses in the new Austro-German accord. It was reported here today.

These clauses, calling for pro-Hitler revolutionary changes in the Austrian army, compelled the emergency resignation of numerous important generals, Genevieve Tabouis, foreign affairs commentator, declared in the newspaper L'Ouvre.

All these officers are described by Mme. Tabouis as friendly to Catholicism, France and Britain and as bitterly opposed to Chancellor Hitler's Reich.

New European Talks Delayed

Britain Rejects France's Request for Immediate Locarno Conference

London, July 15.—Great Britain will reject France's request that the Locarno conference take place as scheduled next week without Italy or Germany attending. It was understood here today.

Britain's view that the conference had better be postponed will be maintained, informed quarters said.

Charles Corbin, the French ambassador, called at the Foreign Office today to convey his government's opinion that the conference should go on despite the Austro-German accord and its effect on the European set-up.

M. Corbin saw Sir Robert Vansittart, permanent under-secretary of the Foreign Office, who said he would communicate the French view to Foreign Secretary Eden. M. Corbin will see Mr. Eden personally tomorrow.

GERMANY AND LEAGUE

Political circles here predicted an adjournment. Reasons advanced included the feeling that a tripartite conference of Britain, France and Belgium would prejudice the ultimate return of Germany to the League of Nations.

It was remarked that Britain does not consider it necessary to reaffirm the existing agreements among the Belgian, French and British general staffs, which still stand on the basis of the latter of April 1, in which Britain assured France and Belgium of assistance in the event of unprovoked aggression.

Paris, July 15 (Associated Press).—Authoritative French sources said today France and Belgium had agreed to a conference of Locarno treaty signatories in Brussels, July 22, despite Italy's refusal to participate without Germany and Great Britain's approval of a postponement.

Sanctions Off, but Many Restrictions In Italy Continue

(Continued from Page 1)

a virtually sanctioned basis for some time to come.

Four reasons were cited by commercial sources for this belief: 1. Mussolini's policy of making the country as self-sufficient as possible, must reduce unnecessary and luxury imports almost to zero.

Consequently, it was said rigid control over foreign trade must be maintained for many months. Foreign trade control was instituted more than a year before sanctions were voted against the Fascists.

2. Italy naturally will continue to trade—as much as prices warrant—with nations which did not impose sanctions.

RAW MATERIALS

3. Vast stocks of raw materials, imported before and during sanctions at high prices, must be used up before regular trade may be re-established.

Price became no object because business men and officials thought the Ethiopian conflict would last much longer than it did and they would regain their purchase prices through higher selling prices on much needed materials.

4. Italy's war manufactures will continue at a speeded pace to replace the fighting equipment and materials sent to the East African front.

A shoe manufacturer said he had government orders for shoes sufficient to keep the factory running at top speed until January. Consequently, shoe industries will get first choice of imported raw materials, necessitating elimination of other imports.

Britain Retains Treaty Destroyers

Suggestion for West Coast Road

Self-liquidating Plan for West Coast Road Is Placed Before Government

The construction of Vancouver Island's long-awaited West Coast Road, from Jordan River to Barkley Sound, as a self-liquidating proposition financed by timber revenues has been suggested to the provincial government by Clarence Hoard.

He has placed the plan before Hon. A. Wells Gray, Minister of Lands, and will shortly renew representations to Hon. John Hart, Minister of Finance, and Hon. F. M. MacPherson, Minister of Public Works, it was learned.

Cost of sixty-eight miles of first class highway from the end of the present road, suitable for carrying heavy logging trucks is estimated at \$2,000,000.

The amortization of this amount, over thirty years is placed at \$128,000 a year and maintenance of surface, bridges and culverts with renewals is estimated at \$55,000, making an annual revenue of \$183,000 necessary to finance the project.

PER THOUSAND CHARGE

Most logging operators, it was pointed out by Mr. Hoard, charge off from \$1 to \$2 per 1,000 feet to the cost of main line in transportation of logs. It would be responsible for them to assume a charge of \$1 for logs moved over a highway and at that rate an annual cut of 183,000,000 board feet carried over the road would produce the necessary revenue. Ten small operators would cut this amount, it was stated.

Government royalties would increase from the cutting of the timber and gasoline and payroll taxes would also be higher as a result.

The delegation estimated 7,100,000,000 board feet in the timber stands along the coast which could not be logged without the highway.

At the rate of cut suggested operations could continue for forty years.

Considering the charge paid by loggers and the increased royalties and gasoline revenues to the government, the road would pay for itself in ten years, it was stated.

An initial advance from the government of \$300,000 would be required to start it. This would finance the reconditioning of the seven miles beyond Jordan River and the construction of another ten miles toward San Juan.

CANOE FOUND BUT NO ONE IN IT

Vancouver, July 15.—Police today were investigating the possibility that an unidentified youth may have been drowned in the First Narrows following the finding of a drifting canoe off Prospect Point.

T. G. Davies, owner of the canoe, said he had been told by a youth who said he was a visitor from Winnipeg. The lad said he intended to paddle to the mouth of the Fraser River and back.

MRS. T. E. ROWE PASSES AWAY

Wife of Priest in Charge of St. Matthias Succumbs

At the family residence, 1126 Richardson Street, after a short illness, there passed away at an early hour this morning, Winnifred Rowe, wife of Rev. Dr. T. E. Rowe, priest-in-charge of St. Matthias Church.

Born in London, England, sixty years ago, Mrs. Rowe moved to Canada in 1898. She had been a resident in this city for the last sixteen years.

She is mourned by her husband, at the family residence, two daughters, Mrs. A. G. Higgs, Durban Road, and Miss Elaine Rowe, Toronto, Ont., also one son, Kingsley, at home.

The remains are resting at the S. J. Curry and Son Funeral Home pending funeral arrangements which will be announced later.

LIAISON POST HERE FILLED

Officer Appointed to Act With Province and National Commission

The appointment of J. F. Gawthorpe of the provincial labor department to act as liaison officer between the province and the new national unemployment commission was announced here today by Hon. George S. Pearson, Minister of Labor.

Mr. Gawthorpe will act in a capacity of working out co-operation between the commission and the government relief agencies.

As it is understood here, the new commission proposes a re-registration of relief recipients, but it was not definite if this would be required in British Columbia. This province maintains a continuous registration system, which will more or less serve as a model for the national registration.

While developments in this connection were awaited, a strong official feeling was growing at the Legislative Buildings that there should be a cutting down in relief costs. Despite a sizable reduction in relief rolls during the last two years, costs have not gone down to an appreciable extent, it was learned.

The federal government's grant to the province has been reduced twice in the last six months, and unless there is a corresponding decrease in the total bill for relief the province would have to pay the difference.

Methods of dealing with this situation will be considered by the government.

Winnipeg, July 15.—Unemployed single men, numbering about 200, marched singing through a departmental store here yesterday. Two by two they kept perfect discipline, and were warned by their guides to "touch nothing."

CANADA ENDS ITS SANCTIONS

Dominion Suffered Little From Economic Bar Against Italy; Carloads of Lemons Delivered Quickly Reach Market

Canadian Press
Ottawa, July 15.—Canada today lifted sanctions against Italy, ending the 251-day trade restriction dictated by her conformity with a League of Nations' decision resulting from the Italian-Ethiopian war.

This nation suffered little in performance of the League obligation restricting trade and suspending credit relations with the Mediterranean corporate state.

Italian lemons, barred entry into Canada by sanctions, probably will appear at once in Canada's hot weather drinks. Several carloads were reported yesterday parked on the Canada-United States border, awaiting the end of sanctions. They were to be delivered today at some point.

The Dominion Bureau of Statistics reported a sharp decline in this nation's small trade with Italy. Its figures showed a drop in the six months' period, December to May, of exports from \$1,346,578 in 1934-35 to \$852,356 in 1935-36. At the same time imports to this country from Italy declined from \$1,033,041 to \$367,395.

Sanctions prohibited all imports of Italian goods, with the exception of books and similar matter, and exports of key products such as metals which might prove useful in manufacture of war materials.

TOMATO TRADE IS DEADLOCKED

At Kamloops Growers Say They Will Let Crops Rot at Present Rates

Canadian Press
Kamloops, B.C., July 15.—The Board of Industrial Relations yesterday took a hand in the growers-cannery controversy in British Columbia's tomato industry, but today the situation was unchanged with growers threatening to let their crops rot in the fields if their demands for higher prices are not met.

The board called an informal meeting yesterday at which was discussed a proposed reduction in the minimum wage scale in canneries, but no decision was reached.

The board heard tomato growers from all parts of the province's tomato belt state an increase in the price was absolutely necessary, otherwise they could not exist.

NET \$3.15 A TON

S. C. Burton, speaking for the growers, told the board that picking, cutting and hauling tomatoes left the growers a net return of \$3.75 a ton on the basis of \$10 at the cannery. Out of this had to be paid land rent, irrigation water, cost of feed, cultivation and fertilization, he said, and added, "The grower has nothing left to live on."

The growers have refused to sign cannery contracts calling for delivery of tomatoes at last year's prices and are holding out for \$15 a ton for No. 1 fruit and \$9 for No. 2. The canners, on the other hand, have refused to pay the price, claiming eastern competition in British Columbia's prime markets, Alberta and Saskatchewan, and other costs of operation, make it impossible to increase the price to the growers.

Outside Heart Baby Is Dead

Infant Born at Willingdon, Alta., Without Chest Wall, Succumbs

Canadian Press
Edmonton, July 15.—A three-day-old boy baby, born with its heart outside its body, died suddenly yesterday evening in University Hospital here. Dr. E. Hitchin, acting superintendent of the hospital, stated. No operation had been performed.

Dr. Hitchin said the child's heart just suddenly stopped beating. The baby was born to Mrs. Fred Sadonek, thirty-seven, early Saturday at the Willingdon, Alta., hospital, and rushed here by Dr. E. W. Svarich, who had delivered the child.

As death came to the baby, no decision had been made on what was to be done to right the abnormality should life have continued. The child was born without a chest wall, and the heart protruded. It beat strongly for nearly three days, the heart muscles "thumping" the child on the chin as they beat. The baby weighed eight pounds at birth.

TOWN KEEPS RAIN FOR CANDIDATES

Associated Press
Houston, Mo., July 15.—"I hope we all get a good soaking before I'm through here," said Mayor Lloyd Stark, Democratic candidate for governor, in a campaign speech on the courthouse lawn. In fifteen minutes it was raining.

The last time it rained here was the day of the election, Stark said. Republican candidate for governor.

SHRINERS SEEN IN BIG EVENTS

Myster Order in Convention in Seattle Stages Parades and Concert

Associated Press
Seattle, July 15.—Thousands of nobles of the Mystic Shrine, prepared today to duplicate yesterday's gigantic parade, with lighting effects, in the University of Washington Stadium this evening.

Some 20,000 persons attended a band concert given by 2,500 musicians, members of thirty-two temple bands, in the stadium yesterday evening.

The concert had Noble Monte Blue, screen star, as master of ceremonies; Allan Jones, Hollywood tenor, as featured soloist; and Phyllis, star of the silent screen, reciting poetry, and Patsy Ruth Miller and Sally O'Neill as eye interest.

ROGERS' MEMORY HONORED
But the Shriners almost stole their own show with several numbers, including "Old Faithful" dedicated to the memory of Noble Will Rogers, and baritone numbers by Noble Jack Richards, Columbus, O., and Abu Bekr's famous white horse patrol, from Sioux City, Ia., kept the throng on the edge of their seats for thirty minutes during a letter-perfect drill.

GREAT PARADE

A throng estimated by Shrine headquarters at a quarter of a million persons jammed downtown Seattle yesterday forenoon, and witnessed the biggest parade spectacle since the Knights Templar marched here in 1925.

Nearly 5,000 uniformed nobles marched from 9:45 a.m. until long after noon before crowds which jammed the sidewalks from storefront to curb virtually the entire length of the thirty-one-block course.

Forty-two bands made music for the apparently tireless paraders, who were still going through complicated manoeuvres while their high-stepping drum majors still gyrated at the end of the parade. It took the procession two hours to pass a given point.

With twenty-four warships in the harbor for Fleet Week, the navy blue and white made a colorful background to the scarlet, gold and green of the Oriental uniforms worn by members of the Pacific Blue of their military legions of honor.

Watch Foreign Policies Swing

Differences in Britain's and Dominions' Views Mentioned in London

Canadian Press from Havas
London, July 15.—Concern over the divergent foreign policies of Great Britain and the Dominions was expressed in the House of Commons yesterday by Lieut.-Commander Reginald Fletcher, Labor, who asked the government to call a conference of the members of the British Commonwealth to outline a common programme.

Home Secretary Sir John Simon, replying to Lieut.-Commander Fletcher, said an imperial conference was planned for next year, when empire leaders would be in London for the coronation of King Edward. Meanwhile every opportunity was being taken to discuss international affairs with Dominion personages visiting London.

The statement of Oswald Pirow, South African Minister of Defence, that British opinion was in favor of returning to Germany her African colonies also is due to come up for discussion in the House. Several members indicated they would ask if Mr. Pirow's views reflected those of the government.

SIX FACE TRIAL ON TAX CHARGES

Associated Press
New York, July 15.—Six persons were named defendants yesterday in ten indictments returned by the federal grand jury charging conspiracy to defraud the federal government of \$3,359,016 on income tax returns of the Ringling Brothers-Barnum and Bailey combined shows from 1918 to 1932 inclusive.

DAMAGES ASKED TOTAL \$163,684

Associated Press
Bellingham, Wash., July 15.—The British Columbia Motor Transportation Ltd., Graydon Blackley, Vancouver, B.C., and Clarence Bicknell, Seattle, were named defendants in a \$163,684 damage action filed by members of the G. M. Caylor and Clarence Bicknell families. Bicknell, a bus driver, Blackley and Billy Bicknell, drivers of automobiles, were involved in the crash April 26 near here in which G. M. Caylor, Bellingham, and Mrs. Graydon Blackley and Bruce Moore, Vancouver, B.C., were killed. Blackley and Bicknell are listed to be tried on a manslaughter charge next fall.

COL. CHARLES A. LINDBERGH

LINDBERGH TO GO TO GERMANY

Arrangements Reported for U.S. Aviator to Visit Reich July 22 and 23

Associated Press
Berlin, July 15.—Adolf Hitler and Charles A. Lindbergh—two men who pin their faith on wings—will meet, according to a reliable source here, probably a week from today.

Arrangements have been completed, this source disclosed, for Colonel Lindbergh's visit to Germany July 22 and 23.

Gen. Herman Wilhelm Goering, Air Minister, is expected to be a well-guarded secret. The United States flier will see the Third Reich's leading airplane factories, principal airports, the Olympic Stadium and the Olympic Village.

So far as officialdom was concerned, the Colonel's visit was a well-guarded secret. Attaches to the United States embassy also declined to confirm it as certain. It was learned reliably, however, that Lindbergh desires his visit be regarded as of a purely scientific nature, without political meaning.

HITLER FLIES MUCH

From the beginning of his campaign for German leadership fifteen years ago, the Fuehrer has used airplanes constantly as the fastest and most convenient mode of travel.

Like Lindbergh, his flying time has been virtually free from mishap. No plane in which he has traveled has crashed, although on rare occasions forced landings have been necessary. In Hans Baur, he has one of the most trusted pilots in Germany.

SPAIN FACES FRESH CRISIS

Threat of Socialist Dictatorship and Three Deaths as Problems Mount

Associated Press
Madrid, July 15.—Socialist threats to establish a dictatorship, together with fresh disorders in which three persons died, heightened Spain's domestic crisis today.

Reports of the Socialist movement against the Leftist coalition brought into prominence the name of Indalecio Prieto, former premier and party leader.

Political circles discussed apparent efforts by the government to eliminate obstacles in the path of a closer union between the Left and Conservative Socialists as a result of recurring disorders.

Assault guards and fascists clashed as the funeral procession of Jose Calvo Sotelo, slain monarchist leader, was returning from a cemetery. Two persons were killed when the guard fired into fascist ranks to compel the marchers to disperse.

Syndicalists and Socialists met in a bloody encounter in the Cuatro Caminos section of the capital. One workman was fatally injured and seven others wounded.

CHILD BITTEN BY GRASSHOPPER

Associated Press
Broadus, Mont., July 15.—Depredations of grasshoppers on rangelands and in crops are an old story in Montana, but reports today told of a hopper biting child.

Mrs. F. A. Reichert said a grasshopper had bitten her year-old baby on the ear until it bled.

BEETLE HUNT IN ONTARIO

Toronto, July 15.—(Canadian Press).—In an effort to determine if the Japanese beetle, a particularly dangerous insect, has invaded Canada, the Ontario Department of Agriculture is carrying on trapping operations at several Ontario points near the United States boundary.

Malta Will Be Crown Colony

Bill Revoking Island's Existing Constitution Signed by King

Canadian Press
London, July 15.—The Malta letters patent bill, empowering the King to revoke the present constitution of Malta and providing for government on crown colony lines, received royal assent yesterday. The bill had previously passed both Houses of Parliament.

The constitution was suspended in November, 1933, by an order-in-council owing to the internal situation. A Colonial Office statement issued at the time said Sir David Campbell, the governor, being satisfied a grave emergency had arisen, had dismissed his ministers and assumed complete constitutional powers.

The statement declared the Maltese government had not only deliberately evaded accepted provisions for settlement of previous troubles, regarding the teaching of Italian in the elementary schools, but that the current estimates disclosed "reckless and improvident expenditures."

SETTLEMENT IGNORED

The Colonial Office pointed out a settlement between British and Maltese viewpoints the previous year provided only English and Maltese should be taught in primary schools, with Italian in secondary. The Maltese ministers, said the statement, ignored this settlement.

"There have been, moreover," continued the statement, "in the ordinary day-to-day administration, a number of instances indicating the ministers neglected few opportunities, however small, of displaying their disinclination to work in harmony with the government of His Majesty."

EX-PREMIER AGAIN LEADER OF PARTY

Canadian Press
Toronto, N.S., July 15.—Nova Scotia Conservatives in convention here yesterday unanimously chose former Premier Gordon S. Harrington as their party leader. Colonel Harrington, a Sydney barrister, resigned his leadership in 1935 to become chairman of the Federal Employment and Social Insurance Commission.

Eight hundred delegates passed resolutions yesterday to be drafted in the party platform.

Canadians At London Reunion

Legion Group on Way to Vimy and Others Attend Reception Given by Hon. Vincent Massey

Canadian Press
London, July 15.—Members of the Canadian Legion official party, advance guard of 6,000 Canadian war veterans and others who will be at Vimy Ridge July 26 for the unveiling of the Canadian memorial, were guests yesterday evening of Hon. Vincent Massey, Canadian High Commissioner to Great Britain.

The reception in effect was a reunion of Canadians in London.

The Canadian Government official party, which sailed from Quebec Saturday, is expected to reach London Thursday night.

UNABLE TO ATTEND
None of the four surviving former Governors-General of Canada will be present at Vimy Ridge July 26 when the memorial is unveiled by the King, it is understood here.

Invitations from the Canadian Government were issued just a few days ago, and those concerned had been "booked up" for many weeks. Surviving Governors-General are the Duke of Connaught, the Duke of Devonshire, Lord Willington and Lord Bessborough.

TO DO PAINTING

Toronto, July 15.—John Russell, Canadian painter whose exhibitions of statuesque nudes have been a feature of past Canadian National Exhibitions here, has been commissioned by the exhibition to record the Vimy memorial unveiling.

Mr. Russell is now on the way to France to do a historical canvas of King Edward unveiling the memorial at Vimy Ridge July 26.

MOTORCYCLIST KILLED

Vancouver, July 15 (Canadian Press).—Ralph F. Smith, twenty-three, was instantly killed last night when he was knocked from his motorcycle at a street intersection by a truck. It was Vancouver's fifteenth traffic fatality since the beginning of the year.

LAW SOCIETY MEETING ENDS

Need for Trained Lawyers Expressed at Closing Banquet in Vancouver

Canadian Press
Vancouver, July 15.—The two-day convention of the British Columbia Law Society was brought to a close yesterday evening with a banquet attended by leading men in the legal profession in the province.

Chief Justice Aulay Morrison of the Supreme Court of British Columbia, speaking before the delegates, said modern advances had resulted in changes in the legal profession too, and stated there never was greater need than at the present time for trained lawyers.

Brig.-Gen. J. A. Clark presided over the banquet.

VON PAPEN TO GO TO LONDON

Canadian Press from Havas
Berlin, July 15.—Franz von Papen, former German Chancellor and now minister at Vienna, will be named ambassador to Great Britain, according to reports here.

Von Papen, reliable sources say, will fill the post made vacant by Leopold von Hoesch's death last April.

The former Chancellor is fifty-seven years old. He was appointed to the chancellery by the late President Paul von Hindenburg in 1932. He became vice-chancellor in the Hitler cabinet in 1933, and was named special vice-chancellor in the Hitler cabinet in 1933, and was named special minister to Austria the following year, after the Nazi "blood purge."

British to Make Many Gas Masks

Associated Press
London, July 15.—Great Britain is bolstering her air raid precautions. A supplementary civil service estimate filed in the House of Commons yesterday asks an additional \$4,250,000 with which to purchase gas masks. Of that amount, \$125,000 is earmarked for the purchase and adaptation of two factories producing masks in the Manchester area.

An additional \$25,000 was allotted for the civil anti-gas school.

The supplementary estimate, totaling \$20,031,250, of which \$14,654,500 is for a cattle fund grant, pushed the total of 1936 supplementary estimates to \$41,861,050 beyond the amount provided for in the budget drawn up by Chancellor of the Exchequer Neville Chamberlain.

Happy Valley School Affairs

The twenty-sixth annual school meeting of the Happy Valley school district was held on Saturday evening, K. Douthwaite, the only remaining member of the board, called the meeting to order. M. A. Morrow was elected chairman. Mrs. L. E. Smith, past secretary of the board, was asked to consider her resignation and having declined, the chair asked for nominations of acting-secretary. K. Douthwaite was elected. The following were appointed school trustees for one, two and three years respectively: Chas. Walker, one year; H. G. Hodges, two years; K. Douthwaite, three years.

An item in the auditor's report directed attention to \$230 unpaid high school student fees payable to the Victoria School Board. On motion of F. C. Blake, seconded by S. Brice, that \$230 of the trustees' bank account be earmarked but not paid at this time, carried.

M. A. Morrow was re-elected auditor for the years 1936-37. Mr. Blake moved that the interest on the school loan for 1936-37 be paid and the principal laid over for one year. An amendment was made by A. Hankin that the amount due be paid forthwith. The amendment lost. The motion tied 23-23, the chairman casting the deciding vote in favor of both principal and interest being paid.

In the matter of High School student fees the sum of \$930, included in the estimates for 1936-37, was stricken out on motion of Mr. Blake.

The Esquimalt rural nursing service was voted retained at an annual cost of \$98.25. On motion of A. Hankin approximately \$1,600 was voted for the school years 1936 and 1937. Discussion then took place on school consolidation and the meeting decided that the newly-elected board appoint one of their members to attend a future meeting. It was decided to ask Major King to address a public meeting in Happy Valley.

TO ARGUE APPEALS

Ottawa, July 13 (Canadian Press).—C. P. Plaxton, K.C., of the Department of Justice, left yesterday for England, where he will represent the Dominion Government in asking leave to appeal from the judgments of the Supreme Court of Canada on the validity of the Employment and Social Insurance Act and other measures before the Judicial Committee of the Privy Council.

Twenty-five Years Ago Today

July 15, 1911

(From The Times Files)

An influential deputation in which cannerymen, owners of launches and other small craft were well-represented, yesterday interviewed Hon. W. B. Ross as acting Attorney-General, to bring to his attention the recent depredations committed by American fish pirates at the island traps, and the increasing frequency of boat thefts. It was suggested that a fast police launch should be commissioned to give special attention to these offenders during the summer months. Immediate consideration was promised.

The Beacon Hill intermediate baseball team defeated the East Ends by a score of 7 to 3 last night. The feature of the game was the pitching of Bob Steele who allowed only four hits and struck out ten men. The batteries were Steele and Watson for the winners, and Dakers and Ward for the losers. The Hills are now undisputed league leaders.

Already the people who passed through this city from the Orient and the Antipodes en route to attend the coronation of King George V are returning to their homes. This was seen last evening when the two big steamships Empress of China and Makura left this port with many passengers.

Hon. Lieut.-Governor Paterson and Hon. Mr. E. Young, acting Premier, were present at the thirty-second annual meeting of the board of trade yesterday.

After being on the triangular run for the past year and a half, the C.P.R. steamer Princess Victoria, Captain Hickey, was yesterday replaced by the Princess Charlotte.

PATTERSON IS GIVEN SUPPORT

New Conservative Leader Endorsed by Saanich Association

After hearing reports from their delegates to the Conservative convention in Vancouver last month, Brian Hoole and Mrs. H. McQueen,

the Saanich Conservation Association yesterday evening endorsed the new leadership of Dr. Frank Patterson and voted to support him in reorganization of the party.

Mr. Hoole, who is president of the association, said he was satisfied Dr. Patterson was a man fully conversant with the problems facing British Columbia, and who was both sincere and capable.

Mr. Hoole said reorganization in Saanich would proceed right away, beginning in Ward One.

Mr. Hoole and Mrs. McQueen were thanked for their support of the convention.

The meeting passed a standing vote of condolence to the widow of B. C. Gale.

Seeks Dismissal On Legal Point

Questioning the application of British law in Canada, which he submitted, forbids prosecution to follow seizures made on Sundays Stuart Henderson, defence counsel, sought an adjournment until tomorrow in the case of William D. Smith, charged in the Saanich Police Court yesterday with illegal sale of liquor.

Mr. Henderson requested the adjournment to investigate the point further. He pointed out the seizure was made by police in the early hours

of Sunday morning, and under British law no prosecution could be made under these circumstances.

He was not sure of the application of the law in Canada, and as he had only recently discovered the point he required further time to make inquiries.

Raymond G. Swing Says Democracy of Country Now in Danger

Associated Press. Charlottesville, Va., July 15.—Raymond Gram Swing, former editor of The Nation, yesterday told the Institute of Public Affairs the radio

may destroy United States democracy unless its programmes are edited better and political broadcasting is separated from commercialism.

The radio presents "public affairs" in such a muddle of confusion that listeners are unable to cope with the flood of material, while another danger lies in the "sale of radio time for political purposes," he said.

Mr. Swing, radio commentator on American affairs for the British Broadcasting Corporation, and commentator on European affairs for the Columbia Broadcasting Corporation's school of the air, spoke on "Public Opinion in a Democracy."

V.O.N. Head Reviews Work

Miss E. Smellie Tells
Of Proposals To
Strengthen Service

An interchange of V.O.N. nurses, with the idea of stimulating local groups with the viewpoint of nurses from other centres and broadening the experience of the nurses themselves, was one of the interesting suggestions brought by Miss Elizabeth Smellie, head of the Victorian Order of Nurses, in a talk to the local board yesterday afternoon.

The meeting was held at the home of the local president, Miss FitzGibbon, St. Charles Street, who, at the close, entertained the members and guests at tea.

FINE SERVICE

Miss Smellie recalled that last year the Victorian Order of Nurses collected throughout the Dominion, more than \$200,000 in nurses' fees and \$101,000 for insurance visits. Material and infant welfare work constituted nearly 55 per cent of the visits; general nursing 33 per cent; health education work more than 11 per cent. Patients or the families of patients were responsible for more than 55 per cent of the calls for nursing care, while a little more than 24 per cent of the calls were put through by physicians, 8 per cent by hospitals and other agencies.

The speaker emphasized that visiting nursing and teaching in the home was the primary function of the order and was opening an ever-widening field. It was a curious fact that during the past few years, with the many new problems that had arisen in connection with public health work, the Victorian Order offered a possible solution.

MATERNITY CARE

Reference was made to the need of extension of the educational work in maternity education. Miss Crescor noting that five mothers per thousand living births died every year in Canada. Many of the deaths were preventable had they had proper supervision. The Victorian Order was anxious to have some system whereby they could get in touch with the cases earlier. One of the great difficulties in connection with obstetrical cases was the expense.

At the close an interesting discussion ensued and numerous questions were asked of the speaker, who was warmly thanked for her address.

DOCTORS CO-OPERATE

Last night Miss FitzGibbon entertained at dinner, her guests including Miss Smellie, Miss McGuire, western supervisor, Miss Crescor, and the following members of the medical advisory board to the local branch: Dr. E. H. Ridewood, Dr. Arthur Nash, Dr. E. M. Baillie and Dr. Glenn Simpson. A number of questions were discussed, showing the close co-operation which exists between the medical profession and the V.O.N.

Local Man Weds On Prairie

Miss Eva Simpson
Bride of
Edward John Reed

Calgary, July 15.—A pretty wedding took place at twilight on Saturday at the Pro-Cathedral when Eve Ethel, daughter of the Rev. William Simpson of Millbrook, Ontario, and the late Mrs. Simpson, was united in marriage to Mr. Edward John Reed of Victoria, son of Mrs. A. M. Reed of Netherhill, Saskatchewan, and the late Mr. Reed. The Very Reverend Dean R. H. Raggs officiated.

To the music of the bridal chorus, played by Miss Josephine Chamberlain, the bride was preceded down the aisle by her four bridesmaids, Miss Joyce Reed, Miss Daisy Benbow, Miss Anne Huntington and Miss Jean McCannel, dressed in pastel shades of yellow, green, pink and blue point d'esprit, with quaint old-fashioned mitts and poke bonnets. Their flowers were in matching shades of delphinium and anemones.

The bride wore broadened white satin, fashioned in Queen Anne-style with a short train. Her veil, of very old lace, was worn with a beautiful tiara of pearls. Her flowers were a sheaf of Madam Butterfly roses.

The bridegroom was attended by his brother-in-law, Mr. A. M. Bailey, of Shaunavon, Saskatchewan. The bride was given in marriage by her brother-in-law, Mr. T. E. Baillie, of Canmore, Alberta. The ushers were Mr. Arthur Darroch, Mr. William Ramsay and Mr. Ralph Loree.

Soft music was played throughout the ceremony, and during the signing of the register, Master Eddie Roberts sang "O Perfect Love."

Following the ceremony the reception was held in the attractive residence of Dean and Mrs. Raggs, where some sixty guests, including a number from out of town, were present. The bride party was assisted in receiving by Mrs. A. M. Reed, mother of the bridegroom, and Mrs. T. E. Baillie, sister of the bride. Mrs. Reed chose grey crepe and lace for her gown, and Mrs. Baillie wore navy blue dotted silk voile with white accessories.

The bride's going-away costume was a sun-dawn yellow knitted suit, with brown accessories.

Following a honeymoon in the mountains at Lake O'Hara, Mr. and Mrs. Reed will take up residence in Victoria, B.C., where the bridegroom is on the staff of the Bank of Toronto.

LAY-TIMOTHY

Mr. and Mrs. George Smith, 2070 Crescent Road, announce the marriage of their only daughter, Miss Edith Timothy, to Mr. Gordon Lay, son of Mr. and Mrs. Harry Lay of Vancouver, B.C. The marriage took place recently in Port Angeles, Wash., at the home of the Rev. R. D. Walter. The couple will take up their residence at 1857 Crescent Road.

CRANE—GRANT

The wedding took place quietly yesterday morning, at 9:45 o'clock, in St. John's Church, Rev. Canon F. A. P. Chadwick officiating, when Elizabeth (Billie), elder daughter of Mr. and Mrs. William Grant, Lee Avenue, became the bride of Mr. Ross Hewitt Crane, elder son of the late Mr. and Mrs. Henry Crane, Victoria. The bride, who was given away by her father, wore a smart brown and grey check suit, with a small brown felt hat and brown accessories, and was attended by her sister, Mrs. A. B. McNeill, who was dressed in grey. They both wore corsage bouquets of carnations, sweet peas and maiden-hair fern. Mr. McNeill supported the groom. After a short honeymoon, spent on the island, Mr. and Mrs. Crane will reside on Hollywood Crescent.

Says Canada Gets More Wicked

P.E.I. Institutes
Blame It on
Drink, Immorality

Canadian Press

Charlottetown, P.E.I., July 15.—Canada is becoming "more wicked" in the opinion of Prince Edward Island Women's Institutes, Mrs. Ivan Lasker, provincial convener of the institute committee on Canadianization and national events, reported to the twenty-third annual convention of the provincial body here last night.

The convener told the meeting a questionnaire sent out to more than 200 branch women's institutes in the province had contained the question "Is Canada becoming more wicked?" 70 per cent of the replies had been in the affirmative. Blame for the country's increasing wickedness was placed by a majority of the branch institutes on "intemperance and immorality."

"School should be made up of play, art, music and literature," H. H. Shaw, Prince Edward Island's chief superintendent of education, told the convention.

The home, the school, the church and the community were held by Mr. Shaw to be the four main factors of education. He described the home life of children as the "real factor" with the other three playing "assistant roles."

Shorter Skirts to Return for Fall

Canadian Press
New York, July 15.—Shorter skirts—by at least two inches—were forecast for women next fall. Other predictions at a semi-annual fashion clinic for store executives: Waistlines will be smaller. Shoulders will be broader. Skirts will be fuller. Clothing will be richer in tone, but not so brightly bright. There will be a "tremendous vogue" for casual clothes, versatile enough to be worn in the city and in the country.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blows up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks pink.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of a catalyst but have no color or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else, etc.

YOUR CHILDREN

By Olive Roberts Barton
 ©1935 BY NEA SERVICE, INC.

DISAPPOINTING CHILD IS VICTIM OF IDEAL

I wish all parents who read this would consider it seriously.

First, will you ask yourself if you wouldn't make over your John or Mary if you had a chance? Be very honest, please, honest with your deepest-buried thoughts. Acknowledge that you would prefer to have a Mary without her quick temper; that John would have been a boon to your pride if only he wouldn't cry so easily or perhaps if he took to manners better.

Never a parent lived, I believe, who wasn't secretly worried about the shortcomings of a child, almost every child.

EXPECT TOO MUCH

It is about this matter that I invite analysis.

Why do you do it? Why do we all do it? Why do we build up in our minds a sort of super child with John's features or Mary's countenance, who isn't our child at all, but a purely standardized one, a component of all the virtues?

But we do it, and doing it we discredit the other qualities each child possesses, because all children fall in little and exceed in much. It makes trouble for our nerves and life most unhappy for the growing family. It leads to too much talk, to too persistent reminders, and strains the love of child for parent.

I know that many children seem to be impossible. This happens, to a certain extent, through hereditary tendency, and a great deal through experience and environment.

NO ROAD TO PERFECTION

If a child could be raised according to a chart from early babyhood in an atmosphere suitable to his tendencies and surroundings, that could anticipate his weaknesses and overcome them, build on the best and discourage his faults, then perhaps it might be possible to have the perfect child.

But we work in the dark to a large extent during his babyhood and even through the early pre-school years. When it is almost too late, we discover that Mary has inherited an unreasonable temper, or John a shyness and sensitiveness beyond complete cure.

Well then, there they are. And in our hearts we wonder why God ever willed such dispositions on us, our parents. We never accept it. We fight it—and then we never let go of that dream child, or dream children, they should have been. We refuse to face facts. Then we set about a herculean task of reforming them. It only works part way and we mutter, "Disappointment is the lot of all parents."

MUST ACCEPT REALITY

No, it should not be so. Parents should look upon their children as they would upon next door neighbors. They are what they are and as such must be accepted and made the most of.

With this attitude of mind mothers can set to work to cultivate the good and discourage the bad. They will get results certainly, but not complete results. They can in time, however, say happily to their spouses, "Look at Mary today. Not perfect, but how much more considerate than she used to be." Or about John, "He is so much braver. He has done his best and so have we."

Parents talk about heartbreak, but they could save themselves a lot if

they would stop building sky-castles and peopling them with unreal children; if they would say, "We know their limitations, so now let's make the best of them." Heartbreak is usually refusal to accept the truth, a "fool's paradise" shattered.

The next council meeting will be held at Duncan, September 19 and 20.

GLORIFYING YOURSELF

OIL RELIEVES FINGERNAIL TROUBLES

A fingernail that splits at the tip, shows ridges across the top and rough, ragged cuticle at the base generally indicates that your body lacks oil. You ought to start putting olive oil or a special manicure cream around fingertips every night before you go to bed, and unless your doctor advises otherwise, add one pint of milk to your daily diet.

Many women think that constant use of liquid polish causes fingernails to break and split. About once every two or three months they omit lacquer for a week or ten days, buffing their nails instead. However, I know several women who have used polish every day for years and years without ill effects. They are the ones who eat plenty of green salads and fresh vegetables, drink milk regularly and oil their nails at least three nights a week.

You never should shape your nails with an extremely coarse, steel file. Use emery boards and file a little at a time so as not to overheat the nails. Oily polish removers are best, of course. These do not evaporate and they do not remove natural oils from the cuticle.

If liquid polish spills over on the sides of your nails, take it off immediately with an orange stick that has been dipped in remover. Otherwise, the cuticle will be unable to derive benefit from the post-manicure application of oil.

SERVE APPLES OFTEN; THEY ARE GOOD FOR FAMILY AND ALSO FOR BUDGET

By MARY E. DAGUE

"An apple a day" is first aid to the food budget as well as to health.

Rosy-skinned or golden, tartly flavored or sweet, apples are one of the cheapest sources of vitamins and minerals, and they may be used in so many different ways that the family is not likely to tire of them.

Apple pie — the great Canadian dessert — leads the list. Then there are apple puddings in wide variety, raw apples in salads and fruit cups, baked apples, fried apples, spiced apples, apple jelly and marmalade, apple sauce — the list stretches on and on.

USE THEM IN SALADS

The other day I had luncheon at a popular tearoom and the salad plate I ordered had a bit of apple in each combination. It seemed almost as essential as the salad green.

Baked or steamed apples are among the first solid foods a baby eats and these same apples are relished by the elders for breakfast with sugar and cream.

Apples to be eaten raw should be well-flavored, crisp and juicy. Astrakhan apples (one of the best of the early varieties for cooking and jelly-making) are a bit tart for eating. The old-fashioned harvest apple and the yellow transparent varieties are good, both for cooking and eating.

New varieties constantly are being developed, and your market man will be glad to tell their characteristics.

BUY IN QUANTITY

It is economical to buy apples in quantity rather than in pound lots. They are not a perishable fruit and can be used in so many ways that there is little danger of the family tiring of them.

For convenience in marketing, the fruit usually is divided into two classes — cooking apples and eating apples. Those to be made into pie or sauce should be tart and of fine texture to ensure quick cooking and good flavor. If the apples are to be baked, they must not be too delicately grained or they will fall apart and look unattractive. Firm, perfectly formed apples of good size are best for baking.

When you make apple sauce, remember to add sugar to the fruit after it is cooked. In this way, less sugar is required to sweeten the sauce and the flavor is more delicate.

If you have not carefully trimmed out all bruised spots before cooking, the sauce should be rubbed through a colander, because the bruised flesh

becomes hard and tough after cooking. Also be sure that every particle of core is cut out, especially if children are to eat the sauce.

Many of the early varieties have very thin, tender skins and do not need to be pared for salads and fruit cups. Red-skinned apples give a lovely color to dishes if they are used unpared.

Harvest pudding is an old-fashioned, hearty dessert that farm women used to serve to harvest hands. It makes an excellent luncheon, served with sandwiches and ice tea.

HARVEST PUDDING

Fill a pudding dish half full of peeled, cored and sliced tart apples. Dot with bits of butter. For four servings mix and sift:

One cup flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 2 tablespoons sugar. Add 2 tablespoons butter and blend with pastry blender. Cut in 2 tablespoons cream with a broad-bladed knife and add enough water, cutting in with knife to make a soft dough. Drop from tip of spoon over apples and bake forty minutes in a hot oven (375 degrees F.). Serve warm with sugar and lots of cream.

MONDAY'S MENU

Breakfast: Peaches, cereal, cream, tomato sandwiches, milk, coffee.

Luncheon: Open cottage cheese sandwiches, harvest pudding, milk, iced tea.

Dinner: Mixed grill of lamb kidney chops with crisp broiled bacon and eggplant, creamed kohlrabi, cress and radish salad with French dressing, chilled rice pudding, milk, coffee.

Your Baby And Mine

By MYRTLE MEYER ELDRED

BE SURE NIPPLE PROVIDES PROPER FLOW OF MILK FROM BOTTLE

Not long ago a mother brought her baby and his bottle to a clinic. She put the bottle in his mouth when she arrived, and when she departed an hour later she carried the baby and his half-filled bottle. All that time he had been struggling and frowning and whimpering to get the milk.

MILK—NOT AIR

Ordinarily baby needs only about ten to fifteen minutes to drink his milk. Two or three times during the feeding period he should be lifted upright, his back patted gently, so that he may belch back the air he has swallowed.

Babies should be held in the arms during a feeding, or if laid on the bed, the bottle should be held for them. Then the mother can make sure that at all times the nipple is kept filled with milk, and not a mixture of air and milk. When the nipple collapses it should be lifted up so air will flow into it again. The baby is relatively helpless when left alone to struggle with a bottle tipped up by the side of his nose and which pours the milk downhill into him.

CHANGING NIPPLES

When the milk flows too rapidly baby eats too fast and gets colic or hiccoughs. Change the nipple to one with a smaller opening. If the opening is too small, the baby takes too long to consume it, thus fatiguing himself and running one meal into the next one. It is simple enough to enlarge the hole in a nipple by heating a darning needle in a gas or candle flame, and puncturing the rubber while the needle is red hot. There is no need for a mother to accept such an unhappy, unhealthy feeding situation.

Our leaflet, "How to Sterilize Bottle

and Nipples, and Mix Formulas," may be had by sending a self-addressed and three-cent stamped envelope to Myrtle Meyer Eldred of the Your Baby and Mine department of this newspaper.

Chicago and St. Louis Engaged In Thrilling Baseball Duel

THE SPORTS MIRROR

By PETE SALLAWAY

ONE OF THE FINEST tributes ever paid Archie McKinnon, Victoria coach who will travel to Berlin as mentor of the Canadian track and field team, was that of Bob Granger, Vancouver red-head, who has developed two great sprinters, Percy Williams, double winner for Canada in the 1928 Olympic, and Howie McPherson, latest Canada dash star. A flushed, quiet fellow, Granger is in Montreal, having accompanied the British Columbia track contingent east for the Canadian Olympic trials. Granger cannot go to the Olympic Games unless the Canadian Olympic committee can find a place for him to sleep on the liner which sails for Europe with the team on Friday. Here is what Bob has to say about it all: "Sure, I'd like to go to Berlin. But if Archie McKinnon goes along there'll be nothing to worry about. Howie will go well over there." That's a pretty nice compliment.

Granger's case is a pathetic one. There doesn't seem to be enough room on the Berlin-bound boat for him. Olympic team officials know that a Vancouver sportsman has promised to put up the necessary expenses for the noted coach, the man who traveled to Amsterdam by cattle-boat to help Williams put across his twin triumphs. "We have no reservation for Granger," an official said, "and I don't see what we can do about it. McKinnon will go and take care of the team."

It will be tough if Granger has to return to Vancouver and await news reports of the success or failures. He built Williams into a champion, and now he has McPherson ready for the Olympics. There is not much doubt that Howie is the best Canadian sprinter since Percy.

Although track and field coaches of the United States have got themselves well worked up over the performances of their athletes in the recent Olympic trials, the Americans will enjoy no free and easy romp in the quest for championships at Berlin. The packed program of events, the strongest kind of opposition in most events. In addition, a big majority of the Americans will experience the Olympic pressure for the first time.

Great Britain and all her Dominions, Finland, Italy, Japan, Germany and Poland will have specialists primed to "shoot the works." At the Olympic the American athletes always seem to bear the brunt of world challenge. Perhaps it is because the United States performers get more publicity or place greater emphasis upon record-breaking feats than, for example, the British.

On Friday at St. Paul leading golf professionals will open play in the \$5,000 open tournament, which will be the starting point of the "Green Golf Trail." Introduced this year the gold dust trail will take the touring pros to Vancouver, Victoria, Seattle and Portland with \$23,000 at stake including the St. Paul event. World-famous players are included in the troupe, including Tony Manero, holder of the United States open championship, and Pacific Northwest followers should witness some great battles of pars, birdies and eagles. Plans for the Victorian tournament, July 27, 28 and 29 are well advanced with a fine committee making the arrangements.

BRUNSDONS WIN TITLE

Defeat Silent Glows 9 to 4 to Retain A Section Softball Championship

Brunsdon's Boys yesterday evening retained possession of the A section softball championship and the Colinet Cup, symbolic of the title, when they administered a 9 to 4 defeat to the Silent Glows in a sudden-death fixture at the Athletic Park.

Brunsdons took the lead in the first inning by scoring one run. Their score went to five in the fifth inning when four runs were marked up, two resulting from "Red" Palmer's home run.

A trio of runs in the seventh and a lone tally in the eighth wound up the scoring for the victors.

The burmeners were not able to get more than one run an inning. They made up their total by scoring once in the fifth, sixth, eighth and ninth innings.

Brunsdons hammered out fifteen safeties from the offerings of Lloyd Jones which was five less than the Glows got from Palmer, who pitched excellent ball and got good support from his teammates. The Silent Glows made errors in the pinches.

Steve Dune, outfielder for the burmeners, crashed out a circuit drive in the eighth frame.

Score by innings:
 Brunsdon's Boys 1 0 0 0 4 0 3 10-9
 Silent Glows 0 0 0 0 1 1 0 1-4
 Batteries—Palmer and Dunnett; Jones and Caddell.

Painter's Bruins showed under the Equusall Meat Market, C section line, 10 to 1, at Bullen Park, in the opening round of the Fiddle Dog Cup series, while the Victoria Longshoremen were victorious over the Hollywood Club, 7 to 4, in the same series.

McKinnon-Humber Express Thanks To Victoria People

Archie McKinnon, Victoria physical instructor and coach, who will leave from Montreal for Berlin on Friday morning as leader of the Canadian track and field squad for the Olympic Games, and Bruce Humber, Victoria sprinter who was selected a member of the team, wish to express their thanks to Victoria people who donated funds to enable them to make the trip.

Warren Martin, president of the Y.M.C.A. track and field club, received a telegram from McKinnon this morning, in which McKinnon and Humber stated they wished to express their appreciation for all the assistance given them.

Coach McKinnon said he was receiving fine co-operation from the Canadian Olympic committee officials and that all the members of his team were in great condition for their trip to Germany.

Nanaimo and Cumberland Rinks Head Sections in Vancouver Lawn Bowling

Vancouver, July 15.—Five outside rinks, including two from Vancouver Island, headed their sections in Bower Trophy competition yesterday evening following completion of play in that event at the annual British Columbia Lawn Bowling Association tournament.

R. Good, Nanaimo; A. HUGHAN, Vancouver, and G. J. WATT, Vancouver, were the only three skips to finish the sectional play with a perfect total of ten points.

Winners of sectional play will compete in the "knockout" series, which starts tomorrow, to decide possession of the trophy.

Jackson, Cumberland, won section ten by a margin of only six shots. Jackson won four games and lost one. As did T. P. TEAVAN, Vancouver, but the Islander finished 29 shots up to Teavan's 23.

Names of prominent outside rinks were sprinkled through the ranks of the remaining competitors.

Omaha, Neb., July 15.—A freshman in major competition, eighteen-year-old Billy Cordingley, Des Moines, Ia., had his hands on the qualifying medal for the thirty-seventh western amateur golf championship tournament today but needed to repeat his great shooting of yesterday to keep any of a half dozen other stars from snatching it away from him.

Cordingley, playing in his first big tournament, scored a dazzling 66-32-68, four under regulation, for a total of 166, which placed him in the happy hollow club course.

An interesting sidelight on the origin of "camel through a needle's eye" expression is the various opinions of its meaning expressed by leading historians and Scriptural authorities.

It is contended by some that the Bible expression, quoted above, referred not to an ordinary needle's eye but to a small gate which was opened in the great gate of an Oriental city, when the latter was closed.

EIGHT BOUTS ARE BILLED

Victoria Athletic Club Will Present All-Boxing Show Friday Night

Matchmaker Louis Callan of the Victoria Athletic Club, has arranged six bouts and will add two more, for the all-boxing card to be presented in the open-air ring at the Athletic Park Friday evening. The opener will be at 8.30 o'clock.

Many well-known local boxers, who range in age from nine years to the late teens, will perform. These lads have had excellent training and are good fighters in their own classes.

Frank Clarkson, local lightweight, will exchange punches with Eric Whitehead, while Malcolm Blasingden will meet Don Tyson. What promises to be an interesting match will bring together Joe Whitaker and Grant Vaughan, hard-hitting middleweights.

The 100-pound class will bring together Roy Duval, Royal Oak, and Doug Leask, and Phil Mosser and Ken Earl. Always favorites with local fans, Dickie Reid and Billy Knowles have been matched for the opener.

India Cricketer Will Make Return

London, July 15.—Possibility of Amar Nath, clever Indian cricketer, returning to England in time to participate in the second test match between India and England at Manchester July 25 was seen today in statements by officials of the touring team.

The Maharaja Kumar, Vizianagram, captain of the team, was reported to be willing to allow the player to again take his place in the team as disciplinary measures had apparently had the desired effect. Amar Nath was sent back to India last month for insubordination to officials of the team and his behavior off the field.

Reports from India yesterday were to the effect that officials there were anxious Amar Nath should be allowed to return to England as he was willing to atone for his actions.

Navy Week Cricket Game Is Scheduled

As a feature of the Navy Week programme, a strong team of Victoria cricketers will play a match at MacDonald Park on July 25 against an eleven from H.M.S. Apollo. Hubert Letabady announced yesterday, Letabady has been responsible for an all-Victoria eleven for the last three annual navy weeks.

Following are the members: H. Letabady, captain; G. Austin, A. J. Darcus, G. Dunlop, G. C. Grant, F. Jordan, C. Jones, J. H. Norton, R. H. Moffatt, T. Peers and C. W. Twite.

Navy Week has been split into two parts, July 24 to 26, and August 21 to 25.

UPSETS MARK RING TRIALS

Several Favorites Beaten as Canadian Olympic Boxing Meet Progresses

Montreal, July 15.—From the thinning ranks that will emerge tonight from three long sessions of leather battering, Canada will select the boxing champions to represent it at the Olympic Games.

Nineteen hopefuls from scattered sections of the Dominion were eliminated yesterday evening in a varied programme that saw three technical knockouts and one proper kayo.

Ontario scrappers fared worst during the second-round preliminaries, as eleven of them took beatings. Five Quebecers moved to the sidelines, two Maritimers and two Albertans accompanying them.

Defeat of Edmonton's highly-fancied Jerry McPeake and Billy Polard left the experts slightly dazed. Polard dropped from the lightweight division before the superior boxing skill of Montreal's Walter Cave, while McPeake lost a disputable decision to Austin Straithern, Ottawa, in the light-heavyweight class.

But western Canada still had a powerful group in the bid for titles. Dominion featherweight champion Bill Marquart, Winnipeg, had a second straight victory to his credit and along with him in the semi-finals will be Ted St. Julien, Regina.

The Dominion's welterweight champion, Maurice Camyere, Winnipeg, and Saskatchewan's Bill Evans were left among the 147-pounders and Gaston Eichel, also of Regina and light-heavyweight ruler of Canada, was favorite to hold his crown.

THE BIG SIX

The American League trio in baseball's Big Six in batting remained a quietude today with Charley Gehringer, of the Tigers, replacing Billy Sullivan, of the Indians, in a third-place deadlock with Bill Dickey and Luke Appling. Gehring got two hits in four times at bat to boost his mark to 365, while Sullivan fell from among the leaders. In the National League, Baxter Jordan slipped out of the leading trio by going hitless, while Dolph Camilli, of the Phillies, retained third place.

The standing (first three places in each league) follow:

O.R.B. R.H. Per.			
Player	Team	Runs	Per.
Gehringer	Tigers	65	375
Dickey	Yankees	64	368
Appling	White Sox	64	365

Adanacs Register One-sided Victory

Vancouver, July 15.—New Westminster Adanacs yesterday evening swamped the tail-end Homes 21 to 8 and moved another two rungs up the Inter-city Box Lacrosse League ladder to within six points of the deadhead North Shore Indians and Richmond Farmers at the head of the standings.

Look For Record Entry of Anglers

Scotty Rankine Going to Berlin

Preston, Ont., July 15.—Robert (Scotty) Rankine will leave tonight for Montreal to join the Canadian Olympic track and field team that sails Friday morning for Berlin. Scotty's final worries ended yesterday.

Friends here raised \$250 and sent the amount to the Olympic committee which picked the 10,000-metre champion on condition that his expenses were raised privately.

KEEN MATCHES AT HILLCREST

Men's Singles Play Featured by Two Stiff Three-set Matches

Two extra-set fixtures featured yesterday's play in the Esquimalt Invitation tennis tournament at the Hillcrest Club courts as men's singles matches continued.

After a three-set battle Dr. A. Poyntz defeated "Burr" Evans, 1-6, 6-3, 6-3. Poyntz's score of 7-9, 7-5, 6-3. Ralph Butler disposed of Norm McConnell, first United player, in the other extra-set fixture.

Other results follow:

MEN'S SINGLES
G. Gray won from S. Jackson, 6-4, 6-2.
V. Hicks won from R. Simpson, 6-0, 6-1.
E. Cox won from J. Kesson, 6-2, 6-2.
"Skipper" McVane won from J. Stewart, 6-4, 8-6.

MIXED DOUBLES
Miss Baillies and Holdridge won from Miss Teasdale and Travis, 6-0, 6-3.
Miss Watson and Beattie won from Miss Madill and Webster, 6-0, 6-2.

Peers Will Coach Young Cricketers

Boys from twelve to eighteen years of age are invited to attend any Tuesday or Thursday afternoon the cricket school at Macdonald Park being conducted by Perry Peers, well-known local cricketer. DAILY DOUBLE RETURNS BIG

Bobby Doyle-Rock Carbon Combination Pays \$272.40 at Brighthouse Track

Vancouver, July 15.—Gold Streak II, little three-year-old filly from the Greencroft Stable, outtraced a select field in the Roseade Handicap, feature event at Brighthouse Park yesterday, for her third consecutive victory this season.

Ridden by jockey Billy Laswell, she got away to a flying start and hugged the rail position, racing Bell Rap and the noted Time Flight into submission and standing off a determined stretch challenge of Don Marcus, who took second money. Sir Gawaine got up in his last strides to grab third position.

Bobby Doyle, veteran of western tracks, got up quickly from fourth position in the stretch to return \$75.35 for a straight \$2 mutual ticket. Mint Drift, the favorite, was forced to take second place. Captain Laredo, another veteran, showed.

Bobby Doyle, coupled with Rock Carbon, paid off at \$272.40 to daily double bettors. The one-two bet, Lakipuu and Adece, returned \$65.70.

Your Baby's Health

By DR. MORRIS FISHEIN

More and more Americans are learning to avail themselves of summer resorts and camps for suitable recreation during the hot months.

A large hotel devoted primarily to the recreations and dissipation of adults is not the best place for a child in the summer. Under these conditions the child's food cannot be supervised properly, because the menus are primarily for adults.

The great size of modern resort hotels makes it difficult for the parent who cannot afford a special nurse to maintain suitable supervision over the baby or the growing child.

Most modern hotels are supplied with fresh milk and good water, but the child in a large summer hotel is likely to eat a great deal of candy between meals, to indulge too frequently in soft and sweet drinks, and to upset its eating and digestive habits.

For the child's welfare, a summer resort or a small hotel is preferable to the great summer resorts. Many mothers and fathers arrange to give themselves a two-month vacation in summer by sending the children to camps. These now are under state supervision in many places.

The best camps also have doctors and nurses in constant attendance, as well as suitable educational and recreational instruction.

In selecting a summer camp, parents should make certain whether the camp provides sanitary conditions, food, medical attention, and social conditions at least as good as those that the child has at home. Parents should make certain that health hazards are under suitable control.

A good camp provides for proper disposal of sewage, disinfection of dust and crowding, and prevention of fire hazards. In areas where there are many insects, particularly mosquitoes, good camps will be provided with mosquito netting and other methods of controlling insect life.

Particularly important in the summer camp is the water and food supply.

There is a great tendency in summer camps for children to over-exercise and overwork, to obtain high ratings in camp activities. Parents should be certain that fatigue is under control, and that the children are given enough rest to enable them to recuperate both from physical and mental excesses.

Hundreds of camps now available do not have even an infirmary for children who become ill. In such camps, there are records of children who have broken arms or legs, or who have suddenly developed infectious diseases, appendicitis, or similar ailments, and have not had immediate medical attention because of inability to obtain a physician promptly.

While the parent delegates the responsibility for the care of his child to the camp authorities, he must at the same time make certain that these officials have available the necessary professional and medical advice to protect the child against such hazards.

Glass is gaining wider decorative use in shelves and wainscoting on walls.

The water committee of the Saanich Council will meet tonight to discuss routine business.

The regular meeting of Ward Five Liberal Association will be held at Liberal Headquarters tonight at 8 o'clock.

The annual basket picnic of the Native Sons of B.C. postponed last Sunday because of rain, will be held as scheduled at Sandy Beach on Sunday, July 19. Those unable to attend until the afternoon will find a launch at Brentwood at 2:30 to take them across. Others are asked to be at the K. of P. Hall at 9:15 a.m.

William Greenhough, owner of the Mutual Auto Sales, 932 Johnson Street, has been appointed representative for sales and service of Willys 77 on Vancouver Island. It was announced today, Mr. Greenhough will carry on his business at his present establishment. The Willys 77 is characterized by the economy of its four-cylinder engine, which does up to thirty-five miles to the gallon.

The "Wizards of the West" entertained Tuesday evening the visiting magicians at the home of the secretary, Carl Strable, 2880 Glenwood Avenue. William Hartness, president, displayed his recently won trophy, which was greatly admired by all. Dr. H. McManus, first vice-president of the P.C.A.M., and David Langberg, both of Reno, Nevada, were among the guests.

Seven small forest fires were last week's toll in the Vancouver forest area, the big lumbering district of the province, which includes Vancouver Island, according to provincial forest branch reports today. Total for the province was sixty-six fires, of which thirty-one were in the Nelson district. To date this year the Vancouver district has had eighty-five fires against 179 last year. The province as a whole has had 583 compared with 402, but losses have not been large.

A valuable Japanese dwarf maple tree, stolen from the home of G. Takahashi, Gorge Road, this week, was recovered early yesterday evening by city police. According to police, the tree was purchased by an Oak Bay Avenue resident from a youth, who offered it for sale, and then gave to a friend who lived on Granite Street. The tree was stolen in daylight and was the most valuable of a group of six which were in the garden. It and the other five were in the hands of police and are being further investigated.

Seven Members of Y.M.C.A. Board Visit Eighty-Sun-tanned Boys Enjoying Outdoor Life

With pleasant memories of smiling, tanned young faces shining in the light of a big camp fire, of the music of old songs drifting across the lake and the comfortable feeling of a hearty meal eaten outdoors, seven directors of the Y.M.C.A. returned yesterday evening from an inspection tour of the "Y" camp at Glinz Lake.

The party included J. A. Heritage, William P. Pinfold, H. A. Bennett, Dr. T. W. A. Gray, E. G. Rowbottom, John V. Johnson and Warren W. Marting. The party was accompanied by J. G. Macfarlane, chairman of the Y. Club boys' work committee, and former Y.M.C.A. director.

Vivian Shomaker, Y.M.C.A. boys work secretary and camp director, met the guests and welcomed them to the camp. The excellent arrangements and management drew many fine comments from the directors, who made a tour of the premises. Nearly ninety boys, directors and camp leaders sat down to an excellent dinner of salmon, raspberries and other local products prepared by Mrs. H. Norris, assisted by her daughter, Joyce. Mrs. Norris has been camp cook for several years.

Although the camp has been a large one in former years it has been a long time since such a great number of boys have assembled for the summer session. Including the leaders, of which there are seven in addition to Mr. Shomaker, the personnel of the camp numbers approximately eighty.

Reliable and well-versed in their various lines of activity, the squad of leaders include: Grant Patterson, Jack Allison, Bernard Ennals, Bernard Neary, Robert Doherty, Lorn McGregor and George "Porky" Andrews. A rare treat in the form of seven dozen roast bars donated by W. B. Monteith did not pass very long in the hands of the sixty young campers. After dinner the boys played football in the small field adjoining the camp and the evening was brought to a close with a short chapel service and a happy camp fire gathering.

Glinz Lake camp, combining all the facilities of a youth camp, is located in twenty miles from Victoria, and is reached by a winding two-mile road from the Sooke highway, which twists its way into the district of Mount Shephard.

The camp site includes about 230 acres of land with a lake and building. It opened on July 2, and during the first week was attended by forty-seven boys. Although the limit was set at a little over fifty, the registration list for the second week was soon filled and there are now fifty-seven boys at the camp ranging in age from twelve years to seventeen years.

Two rafts, a rowboat and a diving board complete the equipment of the lake and a safe beach makes swimming a pleasure for the smaller boys. The youngsters are taught swimming, life-saving, softball, horseshoe pitching, first aid, radio nature study, Indian games and are taken on many hikes. At the end of the two weeks, during which competitions are held when the "braves" challenge each other to feats of skill and strength which, if not carried out, are the cause of punishment administered by the "big chief" from the "council chair" with an over-sized paddle.

The short wave radio operated by Elton Queale, kept the boys in touch with home during the two weeks, 230 messages having been handled, while the first aid tent in charge of C. H. Crosby, was a valuable addition to the camp.

PIONEER OF CITY PASSES

Late Chas. Ireland Had Been Resident Here Seventy Years

Charles W. A. E. Ireland, one of the city's earliest pioneers, passed away yesterday at his home, 873 Devonshire Road, Esquimalt, aged eighty-three years.

Mr. Ireland was born in Shoreditch, London, England, son of the late Dr. James and Sarah Ireland, and joined the Imperial Navy as a boy. About seventy years ago he came to Victoria on one of the vessels sent out to the Esquimalt station and had resided here ever since. After leaving the navy he was for many years in the Ordnance Depot at Signal Hill. He was also for forty years a member of Court Northern Light A.O.F.

Mr. Ireland was married fifty-two years ago to Lucy Rogers, a native daughter of Victoria, who survives him at the family residence, together with one son, Victor, and two daughters, Mrs. McWayne Simpson, Hampshire Road, and Miss Hilda Ireland at Maurice Point, Doreen Ireland, Virginia and Michael Simpson, all of this city.

Funeral services will be held tomorrow afternoon at 2:30 o'clock from the parlors of the S. J. Curry and Son Funeral Home. Rev. A. E. de B. Owen will officiate and interment will be in the family plot in Ross Bay Cemetery.

New York, July 15 (Associated Press)—The one-time Prince of Asturias and heir to the Spanish throne paid a \$2 fine for a traffic violation today, and a city magistrate learned the identity of "Alfonso de Borbon, twenty-nine, a clerk."

Who's Who At Hotels

Two old friends who meet every year to go on big game hunting trips in Wyoming, one a newspaper editor in a small agricultural community near Yellowstone Park, the other the manager of a chain store in Oregon, were in Victoria today on their way to the Shrine convention in Seattle.

J. B. Taylor of Albany, Oregon, is accompanied by Mrs. Taylor, and is renewing an old acquaintance with this city. A. F. Duntch of Riverton, Wyoming, is accompanied by Mrs. Duntch and their daughters, Thelma and Donna. It is his first visit to Vancouver Island. They met in Spokane.

The part of Wyoming where he lives and edits the Riverton Review Chronicle is a prosperous agricultural district. Mr. Duntch explained this morning. It is the centre of United States government 200,000-acre reclamation project and is abundantly supplied with water from glacial streams. A new dam is in process of construction to further protect the area from the ravages of drought which have been affecting the open cattle ranges of Wyoming.

The Taylors used to live in Riverton before they moved to Oregon, and it was at that time that Mr. Taylor and Mr. Duntch began their yearly hunting trips after the elk, deer, bear, moose, mountain sheep and antelope which abound in the uplands of Wyoming.

William Gargan, leading man of the Central-Film production, "Vengeance of the Forest," has moved from the Empress Hotel to the Riverside Inn, Cowichan. He will leave for Hollywood directly from the company's location at Cowichan, probably tomorrow.

After a heavy day yesterday with many arrivals from the Orient, Victoria's hotel lobbies were quieter this morning, although most hotels had well filled visitors' lists. Although the arrivals still are in the majority, there is an increase in the number of arrivals from the middle-western states, and there were more Canadian names on the lists this morning than for some time.

Californians at the Empress Hotel today include: Mr. and Mrs. C. H. Carpenter, Beverly Hills; Mrs. E. V. Kein, Hollywood; T. Rosenberg, San Francisco; C. Inventor of the new illusion of shooting through a woman at a target, Dr. Harry L. McManus, first vice-president of the Pacific Northwest Association of Magicians, is staying at the Strathcona Hotel today. In this illusion, which took four years to perfect, the bullet which has a ribbon attached is handed down to the audience for identification, then put in the gun and shot "through" the woman. The ribbon sticks on to a piece of cardboard attached to her dress while the bullet lodges in the target. Both are handed down to the audience again for identification.

Though he is a graduate of Guy's Hospital London and a practicing physician, Dr. McManus was practically born a magician as his father was the original "Blackstone" in England.

No Offer Is Made For Atlas Theatre

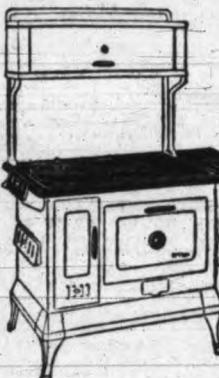

Dr. Gustavus Preiswerck, owner of the Atlas Theatre, this morning denied that the Paramount Public Corporation had made an offer for the theatre.

"The article in last night's Times was unfounded and incorrect," he said.

Mr. King Lays Cornerstone of New French Legation in Ottawa

Canadian Press
Ottawa, July 15.—Premier King laid the cornerstone of the new French legation here yesterday on Bastille Day, the national holiday of France. The building will stand on the high cliff of the Ottawa River below the Research Council Building and the Bureau of Statistics.

Representatives of foreign nations looked on when Raymond Bruger, French minister to Canada, referred to the many ties binding his country to Canada.

After alluding to the early settlement and developments of Canada by the French, the Prime Minister said:

"We are assembled on a little bit of French soil in the heart of Canada. Within a very few days, thousands of our fellow-Canadians will be gathered together, in the presence of the President of France, and of His Majesty the King, on a little bit of what in Canadian soil is the heart of France."

"In those two events, each symbolic on an international scale, Canada speaks to the nations of Europe today. She asks them to behold what a world may become which unites deep the feuds of past generations and forges forever its enemies of race."

"Not in arms against each other to serve their individual ends, but as comrades in arms to preserve the liberties of mankind, have the descendants of the French and British race of our earlier history found their common purpose alike in the new world and the old. Comrades they remain today, not in arms, but in prayer. At the graves of their former comrades they seek today to preserve not liberty, but peace."

CARDINAL BINET DIES IN FRANCE

Canadian Press
Besancon, France, July 15.—Henri Charles Joseph Cardinal Binet, Archbishop of Besancon, and the first military chaplain of the Great War to don the cardinal's purple, died of emphysema here today after a brief illness. He was sixty-seven, one of the youngest prelates of the Roman Catholic Church in France.

Cardinal Binet was born in 1869 at Juvigny in the Solons district, and ordained on October 22, 1893, after theological studies at St. Sulpice Seminary in Paris.

When war broke out he was a forty-five-year-old professor of canon law at Solons, but left his post to join an infantry regiment. Serving throughout the war, he won the Croix de Guerre and became a member of the Legion of Honor.

After demobilization, he then Abbe Binet's ecclesiastical progress was rapid. In 1927 he was appointed bishop of the old and important see of Besancon. On October 31, the same year, he was raised to the rank of cardinal.

Nice, France, July 15.—French basketball enthusiasts yesterday evening saw the world-famous Edmond Grada at the peak of their world championship form as the Canadians defeated a Nice girls' team, 65 to 9. The game was a feature of the national fête day celebration, and the Canadians, through their coach, Percy Page, were presented with a magnificent trophy.

ONTARIO DOCTORS SEE HEALTH PLAN

Canadian Press
Welland, Ont., July 15.—To be prepared in the event health insurance is introduced in Ontario, the Ontario Medical Association is working on a plan to determine cost of administration. Dr. W. K. Colbeck, president of the association, said last night.

His comment followed a London, Ont., report that leaders of the association believed the next provincial election in Ontario would see a province-wide health insurance scheme adopted as a campaign plank by one or both political parties.

Rain Would Ease Drought Effects

Washington, D.C., July 15.—Light rains falling in the drought area of the northwest during the past few weeks have been treated in some quarters as though they were useless,

CHAPLAIN PROTEST

Ottawa, July 15 (Canadian Press).—Rev. R. H. Steacy, rector of all Saints Anglican Church of Westboro, Ont., and director general of the chaplain services of the Canadian Forces Overseas, yesterday protested to the Department of National Defence for not selecting a chaplain, representing the Presbyterian Church, to take part in the Vimy Memorial unveiling July 26. The department a few days ago announced selection of three chaplains of the active list, Canadian chaplain service.

NEW THEATRE OPEN TONIGHT

Shakespearean Film Will Be Given Premiere Showing at Oak Bay Theatre

"A Midsummer Night's Dream," produced on an unprecedented scale of elaborateness, will be shown tonight at the opening of the new Oak Bay Theatre.

It is the first motion picture to be produced by Max Reinhardt, who staged the mighty theatrical spectacle, "The Miracle." Before starting the production he surrounded himself with the recognized leaders of the profession.

Bronislava Nijinska was brought from Europe to stage the ballet and for ballerina he chose Nina Theilade, successor of Pavlova. Erich Wolfgang Korngold, one of Vienna's famous composers, was selected to adapt the music of Mendelssohn.

James Cagney, Joe E. Brown, Dick Powell, Jean Muir, Victor Jory, Verree Teasdale, Hugh Herbert, Anita Louise, Frank McHugh, Ross Alexander, Ian Hunter, Mickey Rooney, Olivia de Havilland, Hobart Cavanaugh and Grant Mitchell were chosen for the key roles.

The scenes in the forest are heralded as being the most elaborate ever filmed and the ballets are said to have surpassed even the hopes of the producers.

DOMINION THEATRE

"The Walking Dead" is a mystery drama of thrills and chills starring Karloff. Others in the cast include Ricardo Cortez, Edmund Gwenn, Marguerite Churchill, Warren Hull, Barton MacLane and Henry O'Neill.

It was directed by Michael Curtiz from the screen play by Ewart Adamson, Robert Andrews and Lillie Hayward and Peter Milne, based on the story by Adamson and Joseph Fields, and is being shown at the Dominion Theatre today.

PLAZA THEATRE

A team of young stars who were swept to fame by the sensational success of the picture "Society Doctor," come again to the screen of the Plaza Theatre this week, where "Times Square Lady," a new fast-moving comedy-drama from the Metro-Goldwyn-Mayer studios, is the attraction. The stars are Virginia Bruce, who played the nurse, and Robert Taylor, who played the young interne in "Society Doctor."

COLUMBIA THEATRE

A strange coincidence, one of those hardly believable, yet true happenings which frequently occur, took place during the making of "Harmony Lane," in which Douglas Montgomery plays the lead at Macco's Studios in Hollywood. The picture is now at the Columbia Theatre. The story is based on the life of Stephen Collins Foster, the father of America's folk songs and the lead part is played by Montgomery.

ATLAS THEATRE

"The Lady Consents" is the title of the new picture which is now attracting large audiences to the Atlas Theatre. Ann Harding, that glamorous blonde star, plays the leading feminine role opposite Herbert Marshall. These two are splendidly teamed and give one of the finest performances of recent months.

Movie Troupe Aided by Rain

Hollywood—Steady rains for more than two hours yesterday did much to allay fears of fire by those Hollywood film companies working in outlying location districts.

One company especially, "Valiant Is the Word for Carrie," has been working in constant dread of forest fires. On location at the hot, dry studio ranch, thirty-five miles from Hollywood, the company, headed by Wesley Ruggles, had its first scare of fire several days ago when brush ignited less than a half mile from where the large group of more than 300 was set up.

Due to the advance organization of Ruggles, who is producing as well as directing the film, the fire, which might have reached serious proportions, due to the tinder-like condition of the heavily wooded district, was quickly extinguished.

CAPITOL THEATRE

Grace Moore, appearing with Franchot Tone in the gayest, grandest love drama of the year, Columbia's "The King Steps Out," is now showing at the Capitol Theatre.

The world will thrill anew as Grace Moore sings the immortal love songs of Fritz Kreisler... singing them as a woman only sings when love sets her heart on fire!

Profit-taking On New York Exchange Pares Early Gains

New York, July 15.—Stocks held up fairly well during the greater part of today's market session, but generally fell back in the final hour under profit-taking pressure.

While a number of issues breasted the current with gains up to a point or so, and an assortment of near-year tops were recorded, the close was irregular. Transfers were around 1,800,000 shares.

It was the largest day's turnover since April 30, last. Realizing was attributed principally to technical factors connected with the recent sharp advance.

The federal reserve bank requirements boost was generally believed to have had little effect on equities although attracting much attention in the boardrooms.

Business and industrial news provided the stimulation for individual shares.

Bonds were mixed, as were leading foreign currencies. Wheat at Chicago finished up 2 3/4 cents a bushel and corn gained 2 1/2 to 3 1/2 cents. Droughted areas were still considered serious notwithstanding rainfall in some areas.

The range of today's Dow Jones averages closed today as follows:

Thirty Industrials—163.34, up 0.44.

Twenty rails—52.46, off 0.03.

Twenty utilities—34.87, off 0.03.

Forty bonds—103.35, off 0.009.
